Aging and Disability Resource Center *of Jefferson County*

Aging and Disability Resource Centers (ADRCs) offer the general public a single entry point for information and assistance on issues affecting older people and people with disabilities, regardless of their income. Our resource center is a welcoming and convenient place for you and your family to get information and access to a wide variety of services. Our Aging and Disability Resource Specialists can help you sort through your options so you can make informed decisions during difficult, often confusing times. We will talk with you wherever it is most convenient—in our office, in your home, over the phone, or by email.

WE CAN HELP YOU:

- **Maintain your independence in the community**
- **Find services to help you remain at home**
- **Make plans for your future housing and care needs**
- **Evaluate your eligibility for financial benefits**

The Aging & Disability Resource Center is here to provide you with information and assistance on a wide variety of topics. Our Aging & Disability Specialists rely on an extensive database that contains up-to-date information on many services and resources.

To request general information about resources, services or programs available within the Jefferson County area, please call **920-674-8734** or toll-free **1-866-740-2372** or send an email to **adrc@jeffersoncountywi.gov**.

ADRC's are available in all Wisconsin counties and 11 tribes.

Talking with an Aging and Disability Resource Specialist can help you make more informed decisions about your health care needs

Let Us Help

Whether you would like information about how you can remain in your home or move to an assisted living or nursing home facility, the Aging and Disability Resource Center can help you plan services and supports to keep you safe and comfortable.

Expert Information

Aging & Disability Resource Specialists are experts in knowing housing options and programs available to help you get the care you need. Some people require a nursing home for a short stay to help with personal care while recovering from an operation or illness – others may need a long term arrangement due to chronic illness or a disability.

Through a pre-admission consultation, people have a conversation with knowledgeable professionals about the options available, information on what to look for in a facility and calculating what you can afford to pay and for how long. It is very important to assess your present situation and consider all your options before giving up your home to enter a long-term care facility.

Aging & Disability Resource Specialists can help individuals consider how long personal funds will last and discuss what may happen if money runs out so people can best plan for their future. The conversation can also include information about the sources of government funding that may be available and how people can be eligible.

What Services do we offer?

Information, assistance, and referral for local community services.

Counseling on options to meet immediate or future care needs.

Assistance to apply for public benefit programs such as Medicare and Medicaid.

Advocacy to cut through problems with benefit programs, health insurance, housing, or consumer issues

Link to help when someone is being abused (physically, verbally, or financially) or when someone is neglecting their own care.

Determine eligibility for publicly funded long term care programs such as Family Care, Partnership or IRIS.

[Transition Roadmap](#)

Are you a caregiver?

Families—not institutions—provide the majority of care to their loved one who may have a disability or have a chronic illness. You are a caregiver if you routinely provide supervision and/or assistance to another individual who is elderly, disabled, chronically or terminally ill.

The Aging and Disability Resource Center (ADRC) of Jefferson County is the first place to call to help you learn about community resources that are available to you. ADRC Staff are very knowledgeable about programs that can help fund services and educational opportunities to help you care for the people you love.

Jefferson County receives financial support through the **National Family Caregiver Support Program** which is designed to provide information, support and assistance to:

- Family and friends who help care for a person age 60 and older.
- Family and friends who help care for a person with Alzheimer's disease or other dementia regardless of age.
- Grandparents or relative caregivers age 55+ who are the primary caregiver for their relative's children age 19 or younger, or who are caring for someone with a severe disability who is 19 to 59 years of age.
- Services available through the **National Family Caregiver Support Program** include:

- Information to caregivers about available services.
- Assistance to caregivers in accessing services.
- Individual counseling, organization of support groups, and caregiver training to assist caregivers in making decisions and solving problems related to their caregiver role.
- Respite care to enable caregivers to be temporarily relieved from their caregiving responsibilities, whether their loved one is elderly or a grandchild (supportive home care, chores, personal care).
- Supplemental services on a limited basis to complement the care provided by the caregiver (home modification, transportation, adaptive aids, personal response systems).

**For more information about caregiving and resources,
please contact the ADRC at 920-674-8734.**

Evidenced-Based Self-Management Programs

Living Well With Chronic Conditions

A Workshop that helps you feel better, be in control so you can do the things you want to do.

Put life back into your life by participating in a Living Well Workshop. If you have a condition such as diabetes, arthritis, high blood pressure, heart disease, chronic pain, anxiety, the Living Well workshop can help you take charge of your life. You'll get the support you need, find practical ways to deal with pain and fatigue, discover better nutrition and exercise choices, understand how to evaluate new treatment choices, and learn better ways to talk with your doctor and family about your health. Learn from trained volunteers with health conditions themselves. Set your own goals and make a step-by-step plan to improve your health-and your life. The class is fun and interactive. Workshops run 2 1/2 hours for 6 weeks and are held at various locations throughout the year. Call 920-674-8734 for more information.

Stepping On - A Workshop that will help you avoid falls!

According to the National Center for Injury Prevention and Control, falls and hip fractures among older adults is serious. More than one-third of adults ages 65 and older fall each year. Among older adults, falls are the leading cause of injury and deaths and the most common cause of non-fatal injuries and hospital admissions for trauma.

Of those who fall, 20% to 30% suffer moderate to severe injuries such as hip fractures or head traumas that reduce mobility and independence, and increase the risk of premature death. Stepping On is a falls prevention program for seniors age 60+

that have fallen, have a fear of falling or want to avoid falling. Demonstration and practice of simple strength and balance exercises proven to help you improve your strength and balance.

The workshop runs for 7 weeks meeting 2 hours each week and are held at various locations throughout the year. Call the ADRC at 920-674-8734 for more information.

Powerful Tools for Caregivers— Taking Care of You!

Powerful Tools for Caregivers emphasizes that the focus is on “YOU, the caregiver, not on the family member receiving care”. This 6-week, evidence-based workshop that has been shown to improve:

- Self-Care Behaviors: (e.g. increased exercise, relaxation and medical check-ups)
- Management of Emotions: (reduced guilt, anger, and depression)
- Self-Efficacy: (increased confidence in coping with caregiving demands)
- Use of Community Resources: (increased utilization of local services)

Who should consider taking Powerful Tools for Caregivers?

Family caregivers should take this course to help them better cope with the challenges of caregiving and get support and resources to make the caregiving journey easier. Workshops run 2 1/2 hours for 6 weeks and are held at various locations throughout the year. Call 920-674-8734 for more information.

Disability & Elder Benefit Specialists

The Aging and Disability Resource Center has Elder Benefit Specialists to help seniors, people over the age 60 and a Disability Benefit Specialist who helps people between the ages of 18 and 59 who are encountering problems with

private or government benefit programs. They are highly knowledgeable in the following areas: Medicare, Food Share, Social Security Disability, Supplemental Security Income (SSI), SeniorCare and Medical Assistance. Benefit specialists are trained and guided by attorneys who specialize in elder and disability benefits law. They are often called "the red tape cutters", and their

mission is to help people figure out what benefits they are entitled to and what they must do to receive them.

A Benefit Specialist is an advocate who can act on behalf of an individual with other parties involved. Many of the benefits issues faced by seniors and people with disabilities can be very complex. A phone conversation can oftentimes be sufficient to provide information and guidance. A home visit or office appointment may be necessary to review paperwork and to examine all opportunities of support and assistance. To speak with a Benefit Specialist, please call: **920-674-8734** or toll-free **1-866-740-2372**.

ABC's of Medicare Workshops

In an effort to meet the increased demand for Medicare counseling and all its complexities, the Elder Benefit Specialist (EBS) program now offers "ABCs of Medicare" workshops throughout the year for Jefferson County residents who will be newly eligible for Medicare.

This workshop is ideal for people who will be turning 65 in the upcoming months and will be *newly eligible for Medicare*.... However, it can also be helpful to ANY Medicare beneficiary who has questions or concerns regarding complicated Medicare options and benefits.

This casual workshop is limited to 8-10 participants. It is a complete and comprehensive overview, and participants do have an opportunity to ask questions throughout the class. Every effort is made to provide all with a better understanding of how Medicare "works" and how to objectively compare their insurance for health and drug coverage .

Dementia Care Specialist

The Aging and Disability Resource Center has a Dementia Care Specialist who provides help and practical guidance for people supporting a loved one with possible or diagnosed memory impairment. Help is also available to people who have memory concerns, or have just been diagnosed with Alzheimer's, a mild cognitive impairment, or dementia. Our Dementia Care Specialist can help people and their care partner in crises situations or if there is a difficult period of time when a caregiver needs guidance and support to manage the level of care their person with dementia needs. Our Dementia Care Specialist will be able to offer you tools and techniques to help you plan ahead and to offer practical solutions so you will be better prepared.

Our Dementia Care Specialist can support individuals with memory screening to detect cognitive changes as well as connect you to programs such as the Language Enriched Exercise Plus Socialization (LEEPS) program which engages people in regular exercise and social activities. There are evidence-based support programs and community resource programs that are available to support family caregivers.

Dementia Capable Organization

The ADRC is a ***Dementia Capable Organization*** with highly trained professional staff who provide appropriate, competent, sensitive support to the individual with dementia and to caregivers.

Memory loss is not an inevitable part of aging, but if you or someone you care about are experiencing symptoms, it's time to talk with someone about your concerns.

The ADRC of Jefferson County is here to help!

Whether in the comfort in your own home, or stopping in at the ADRC, our trained staff will be able to provide a memory assessment and to offer guidance to connect you to services and support.

Food Pantries

Food Pantries are non-profit hunger relief sites that receive food donations to distribute to those in need. Food Pantries are found in most communities within Jefferson County. They rely on donors and volunteers to carry out day-to-day operations. Food Pantries have the sole purpose of helping those in need.

Where does the food come from?

It comes from people making donations via food drives, monetary donations, and volunteering. Donations are received by food manufacturers, processors, grocery chains, and other food suppliers. Local companies and organizations, as well as members of the community, also play a key role by making monetary and food donations. Food Pantries work to safely provide, in the best means possible, and ensure that all food is edible and within the expiration date.

Second Harvest

Second Harvest is a FoodShare Outreach Program that is helping to end hunger in Southwestern Wisconsin through community partnerships. They partner with food pantries, shelters, meal sites and other hunger-relief programs served by Second Harvest Foodbank of Southern Wisconsin. Too often, people who are at risk of hunger and might be eligible for FoodShare Wisconsin (food stamps) don't enroll. Second Harvest Outreach Program helps ensure potentially eligible participants to get the help they need.

Do I Qualify for Homestead Credit?

To qualify for homestead credit for 2014:

- You must have been a legal resident of Wisconsin for **all** of 2014, from January 1 through December 31.
- You must have been 18 years of age or older on December 31, 2014.
- You cannot be claimed as a dependent on someone else's 2014 federal income tax return. (Note: This limitation does not apply if you were 62 years of age or over on December 31, 2014.)
- Your household income must have been less than \$24,680 for 2014.
- You must have been the owner or renter of your Wisconsin homestead during 2014.
- You must not have lived for the **entire** year 2014 in housing that is exempt from property taxes. (Note: Property owned by a municipal housing authority is not considered tax-exempt for homestead credit purposes if that authority makes payments in place of property taxes to the city or town in which it is located. If you live in public housing, you should check with your rental manager.)
- You must not, at the time of filing a claim, be living in a nursing home **and** receiving Title XIX medical assistance.
- You must not be claiming Wisconsin farmland preservation credit for 2014.
- You must not be claiming the veterans and surviving spouses property tax credit on the 2014 real estate taxes.
- Only one claim may be filed per household (husband and wife residing together). No claim may be filed on behalf of a person after his or her death.
- You must not have received Wisconsin Works (W2) payments of any amount or county relief payments of \$400 or more for **each month** of 2014. (Note: If you received **any** amount of a Wisconsin Works (W2) payment in 2014 **or** county relief payments of \$400 or more for any month in 2014, your property taxes and rent have to be reduced by one-twelfth for **each** month you received any of these benefits.)
- **Note:** You need not be a homeowner to qualify. Renters as well as persons who reside in mobile or manufactured homes or nursing homes that are subject to property taxes may also qualify to file a claim. For most claimants, the deadline for filing a 2014 Schedule H or H-EZ is April 17, 2019. If you are a taxpayer with a fiscal taxable year (one ending on a date other than December 31), your deadline for filing Schedule H or H-EZ is 4 years, 3 1/2 months after the end of the fiscal taxable year to which the claim relates.

What is Medicaid?

- **Medicaid** is a program financed jointly by federal and state governments, providing medical care and long-term care to many of the nation's most vulnerable lower-income people.
- Created in 1965, Medicaid pays physician and hospital bills, prescription drug costs, and other health care costs for lower-income mothers and children, frail seniors, and people with disabilities.
- Each state decides how to structure benefits, eligibility, service delivery and payment rates with guidelines established by federal law.

What Does Medicaid Cover?

- States must provide all beneficiaries with a basic set of services, including doctor visits, hospital care, lab and x-ray services, family planning services and special health screening for children.
- States are also required to pay for care in nursing facilities and for home-based services. Medicaid pays for almost 50% of nursing home expenses nationally. Costly long-term institutional care is generally not covered by private insurers or Medicare.
- States may provide "optional" services, including dental care, eyeglasses, speech therapy and prescription drugs.
- Because the population served by Medicaid has little or no ability to pay for medical services, federal law limits the premiums and the amount of cost sharing permitted under the program.
- A state that chooses to provide an optional service must provide that service to all of its "categorically" eligible enrollees, e.g., physical therapy provided to elderly individuals receiving Supplemental Security Income (SSI), and must also be offered as a benefit to disabled individuals receiving SSI.

Who Gets Medicaid?

- Eligibility rules for Medicaid are complex, and vary widely from state to state. They are linked to both income and other factors like family or disability status.
- Major categories of eligible people that the states must cover (mandatory populations) include:
 - ⇒ Pregnant women and children under age 6 in families with family incomes under 133% of the federal poverty level (\$20,000 for a family of three);
 - ⇒ Children ages 6 to 18 in families with family incomes under 100% of the poverty level (\$15,000 for a family of three);
 - ⇒ Parents and 18 year olds whose incomes under are below welfare standards as of July 1996 and;
 - ⇒ Elderly and disabled individuals who are eligible for SSI program.

SENIORCARE – STATE PHARMACY ASSISTANCE PROGRAM

What is SeniorCare?

SeniorCare is a prescription drug assistance program for Wisconsin residents who are 65 years of age or older who meet the eligibility criteria. The program is designed to help seniors with their prescription drug costs. Those interested may apply at any time. However, your application will not be accepted if you apply earlier than the calendar month before your 65th birthday.

To enroll in SeniorCare:

- You must be a Wisconsin resident.
- You must be a U.S. citizen or qualifying immigrant.
- You must be 65 years of age or older.
- You must pay a \$30 annual enrollment fee **per person**.
- Your assets, such as bank accounts, insurance policies, home property, etc., are not counted.
- Your annual income determines the level of coverage (see SeniorCare Income Limits table below).

In addition, program participants are subject to certain annual out-of-pocket expense requirements depending on their annual income, as shown in the table below. Drug coverage may vary by Level. For more information about covered drugs, see the SeniorCare Covered Drugs fact sheet at dhs.wisconsin.gov/seniorcare/information.htm, call your pharmacy or the SeniorCare Customer Service Hotline.

What is Publicly Funded Long Term Care?

Publicly Funded Long Term Care Programs provide a wide range of long-term support services to eligible members. Potential members are adults over the age of 18 with physical or intellectual disabilities and elderly persons with long-term conditions requiring care. You must be functionally and financially eligible in order to enroll in Publicly Funded Long Term Care Programs. The Aging and Disability Resource Center staff will assess the potential member's eligibility for these programs. You should contact the Aging and Disability Resource Center (920-674-8734) for information, assistance and advice about available services, and possible eligibility.

Publicly Funded Long Term Care Programs help provide the services that you need to live an active, healthy and independent life. This is done by offering a variety of community based supports, which are identified to help you achieve your goals in the most cost effective manner possible. Depending on your financial situation, you may have a cost share for services. You will be told how much this will be before enrollment. Public funding supports may include, but are not limited to:

- Adaptive Aids
- Assisted Living Financial Management
- Respite Care
- Medical Equipment
- Prevocational Training
- Skilled Nursing Services
- Supported Employment
- Supportive Home Care
- Personal Response System
- Home Delivered Meals

Which Publicly Funded Long-Term Care Program Is Best for Me?

Which statement best describes YOU...

I would like to have help in getting the services I need.

I would like to manage my own services and supports.

Considering Your Options for Publicly Funded Long Term Care

Paying for Long Term Care

Many different sources can help pay for long term care. These may include private insurance, retirement benefits, personal savings and government assistance programs like Medicaid, Medicare, and Veteran's benefits Administration. It is important to understand what services and types of care each one covers. Choosing a Long-term care program that meets your particular needs and situation can at times be difficult and confusing.

The ADRC can help you understand and compare all your long-term care options.

Managed Care

Covers your home and community-based long-term care services — and provides you with your own care team to ensure your needs are met.

You also have the opportunity to arrange, direct and purchase some or all of your services through the Self-Directed Supports Option.

Managed Care

Covers all long-term care services in the basic Family Care benefits package — *plus*:

- ALL health and medical services and
- ALL prescription drugs

Your care team will coordinate all your health, medical and long term care services.

Within a budget, an individual develops their own support and service plan. Friends, family or others may help you manage your IRIS plan and budget.

IRIS is self-directed in which you creatively use resources to help meet your individual long-term care needs.

Medicaid (Title 19) "Forward" Card

Use your Medicaid (Title 19) "Forward" Card for doctor's visits and other health services. Individuals who qualify for SSI automatically qualify for Medical Assistance (MA).

Advance Care Planning: It's About the Conversation!

What if a sudden illness or injury left you unable to speak for yourself?

Who would you want to speak for you?

What would you want them to know about your values and wishes?

Advance care planning is a process that helps you:

- Think about your health care values and goals;
- Consider health care choices you may have to make in the future;
- Talk about your choices with your doctor and your loved ones; and
- Make a written plan for the future (advance directive).

Make an appointment with a trained advance care planning facilitator today. Learn vocabulary, reflect on your values, choose a health care agent, explore goals for treatment, and take the first steps toward completing an advance directive.
